

Determining the Comp Rate calculation for an individual claimant																
1) Find Column of subject Year of injury / manifestation																
2) Then find the Row with the Range of wages defining <u>Claimant's</u> AWW (Average Weekly Wage)																
3) The left column will then show the Comp Rate formula for the individual claimant																
COMP RATE																
	2001		2002		2003		2004		2005		2006		2007		2008
